

How is this best accomplished? What is personally required on a regular (daily) basis (c.f., Psalm 103:1; Luke 9:23)?

6. A first reference is made to Christ's second coming in v. 7. Break it down. What is described in this verse? What is its impact? (What is the perspective of the unbeliever?)

7. What is the significance of the declaration, "I am the Alpha and the Omega" (v. 8)? How is this encouragement for struggling, suffering & persecuted believers, wherever they may be, who desperately need grace & peace? How is this encouragement to you?

Does v. 8 refer to the same Person in v. 4 (God the Father) or does it still refer to Jesus Christ (c.f., 22:13)?
